TOP TEN RULES AT BADWATER 135

ALL of the Race Rules are important and must be followed!

(See Badwater Magazine and Badwater.com for ALL the rules!)

HIGH-VISIBILITY CLOTHING REQUIREMENTS:

ALL support crew members (except those actively pacing their racer) for the Badwater 135 wear a minimum of OSHA Class 2 (or higher) high-visibility clothing during daylight hours, and OSHA Class 3 high-visibility clothing during nighttime hours. These regulations may ONLY be met by wearing the special garments developed by ZZYXXZ in collaboration with BADWATER, OR by wearing certified OSHA Class 2 (in daytime) and Class 3 (at nighttime or daytime + nighttime) vests / jackets, such as those worn by highway workers. Running-type reflective vests, such as those by Nathan Sports, do NOT meet OSHA Class 2 or Class 3 requirements.

Racers (and Pacers when allowed) may dress as they choose during daylight, but must wear 360 degree reflectivity (such as runner-type vests by Nathan Sports) and front and rear lights at night. (Racers and Pacers are NOT required to wear the specific OSHA Class 2 or OSHA Class 3 garments that are required for all crew members, however that level of high-contrast reflectivity and visibility is highly recommended for racers and pacers, too.)

In addition to the requisite reflective garments, all crew members, pacers, and racers must wear front and rear lights whenever they are outside of a motor vehicle during nighttime.
This BADWATER ZZYXXZ short-sleeve shirt (2015 edition) meets OSHA Class 2 Reflectivity Requirements for use during the day but NOT at night.

This BADWATER ZZYXXZ long-sleeve shirt (2015 edition) meets OSHA Class 3 Reflectivity Requirements for use during the day AND night.

This BADWATER ZZYXXZ t-shirt (2016 / 2017 edition – short-sleeve, but with large reflective stripes on the sleeves) meets OSHA Class 3 reflectivity requirements for use during day AND night.
RUN SINGLE-FILE, ALWAYS / PACERS STAY BEHIND THEIR RUNNERS

Beginning immediately at the start line, racers must not run abreast with other racers or with pacers, except when passing a slower racer, which must be done quickly. All running must be single-file. Additionally, pacers may not run in front of, even slightly, racers at any time. Pacers may only run next to their racer if the pacer is OFF the road and racer is on the road’s edge.

ONLY ONE PACER / NO MORE THAN TWO CREW MEMBERS ON LEFT SIDE OF ROAD (INCLUDING ANY PACER):

Any crew member running along with their racer is considered a pacer and must wear the pacer’s designated bib number (provided at Racer Check-In).

Racers may not be accompanied by pacers or moving crew members until Mile 42 at the Stovepipe Wells time station. Exception: racers over the age of 65 may utilize a pacer from Mile 3.5 (Natural Bridge turn-off.)

Racers may not be accompanied by more than one crew member at any given time while making forward progress on the race course. Additional crew members that are handing off supplies, or otherwise providing aid, to the racer and/or pacer must be off the roadway at all times (i.e. left of the white line on the shoulder) and may never run along with the racer. To be clear: if a racer is moving forward on the race course, NO MORE THAN ONE crew member may also be moving with, or near, the racer at the same time.

No more than two crew members - including a pacer if one is present - may be on the opposite side (racers’ side) of the highway at any given time.

Always look and listen both ways before crossing the highways!

ONLY ONE SUPPORT VEHICLE ALLOWED ON THE COURSE (and a maximum of FOUR CREW MEMBERS)

“Unofficial” or extra crew members and “family cheering squads” may only be present in Lone Pine and at the finish line; they may not drive on the race course except between Lone Pine and the finish line and such drive must be made without stopping en route. A secondary vehicle may not be used to shuttle crew members or supplies to and from the runner and support vehicle, except within Lone Pine.

DESIGNATED PARKING / NO PARKING ZONES

Support vehicles may not stop during the one-mile stretch which begins at Harmony Borax Works at Mile 19.1, while runners pass through the curvy “Harmony Curves” section of Hwy 190. Each support vehicle should wait at Harmony Borax Works long enough to allow the runner to cover the next, mostly uphill mile, then drive ahead (no stopping nor slowing until Mile 20.1).

On the Father Crowley / Panamint Pass climb (a 12.2-mile stretch from Time Station 3 at Panamint Springs Resort at Mile 72.7 to the unmarked summit at Mile 84.9), support vehicles may only stop at eight designated locations along the route. These are identified in the route book and with signage along the roadway. They are located 1.8, 3.4, 4.7, 5.3, 7.9, 8.7, 10.5, and 12.2 miles beyond Panamint Springs Resort. (See the route sheet in the magazine.)
ADDITIONAL SPECIAL RULES FOR FATHER CROWLEY / PANAMINT PASS ASCENT

Crew members, other than pacers, may never cross the roadway during the entire Father Crowley / Panamint Pass climb (a 12.2-mile stretch from Time Station 3 at Panamint Springs Resort at Mile 72.7 to “Panamint Pass” at Mile 84.9).

DRIVE and PARK SAFELY, CAREFULLY, AND NORMALLY

Follow the rules of the road!

Driving may never be at the speed of any racer. Driving must be done at the speed of normal traffic, never slowing down to encourage, talk to, or lend assistance to any racer while moving.

Handing off of supplies from the vehicle is never allowed, nor is slowing down to speak with or to a racer or other person while moving.

Vehicles must “leapfrog” the racer at all times. Each “leapfrog” must be at least two miles or more in length, whenever possible.

Do not stop or park on the road! Vehicles must be parked completely off the road surface whenever they are stopped (with all four tires right of the white line). The doors on the left side of the vehicle must never be opened into the roadway, even momentarily. All exiting of the vehicle by active crew members must be from the right side of the vehicle; drivers may exit from left, but only if space allows for them to do so without their door opening into the roadway.

Crew members must not stand on the left side of a parked vehicle (between the road and vehicle.)

All support vehicles must have their headlights on while driving, 24 hours a day, except when parked. (Use car flashers - but not headlights - when parked.)

SUPPORT VEHICLES

Place Runner #s (provided by the race organizers) on the front side, driver's door, right front passenger door, and back left of support vehicle.

Vehicle windows may not be blocked or obstructed with any signage, paint, or similar.

Sponsor / Charity names and graphics may be placed on support vehicles on the left and right sides only, not on the front or rear.

TIME CUT-OFFS

All racers MUST have passed the following locations along the race route within the cut-offs:

• Mile 50.5 (2000’ Elevation Sign, located 8.6 miles beyond Stovepipe Wells): All racers must pass by 1000am, Tuesday morning (regardless of starting wave).

• Mile 72 (Panamint Springs Resort): All racers must pass by 800pm, Tuesday night (regardless of starting wave).

• Mile 90 (Darwin Turn-Off): All racers must pass by 500am, Wednesday morning (regardless of starting wave).
• Lone Pine at Mile 122: within 42 hours of start time. Additionally, beyond the Darwin Checkpoint, if it becomes clear that a racer will not be able to finish the race officially within the 48-hour time limit, that racer may be forced to withdraw from the course and the race prior to the actual conclusion of the 48 hours.

BE SAFE!

Safety is always the most important issue. This means safety for racers, crew, staff, and the general public. The roads are not closed for this event and are, in fact, quite busy with tourist and local traffic.

Crew members may not use illegal drugs, stimulants, or dope, as well as alcohol of any kind, during the race or at any official race events or activities.

LEAVE THE COURSE CLEANER THAN YOU FOUND IT!

Don't drop any litter!

If you see any litter on or near the roadway, pick it up and dispose of it!

Do not leave poop along the course! When urinating, be out of sight!

All racers, crew and staff must display courtesy, good taste, decorum, and sportsmanship at all times. Nudity is specifically not allowed.

RULE ENFORCEMENT AND PENALTIES

1. Race rules are designed to provide a safe and fair experience for everyone involved and to help ensure our ability to produce the race again next year.

2. Major rule infractions by racers or their crew, especially those regarding “cheating,” will result in immediate disqualification of the racer.

3. Other, lesser offenses will result in the following cumulative time penalties:
   ○ A WARNING may be issued, depending on the nature of the infraction, at the discretion of the race official (A “slash” will be marked on the racer’s bib number.)
   ○ First Penalty: One Hour (“X” will be marked on the racer’s bib number.)
   ○ Second Penalty: Disqualification

4. Time penalties are imposed by the penalized racer stopping at the final Time Station in Lone Pine to serve his/her time penalty. The race and clock will continue while the penalized racer waits out his/her penalty time. A Race Official will be present to oversee this process. Any racer who is required to serve a time penalty, but does not stop to do so, will be disqualified.

5. The Race Director has the authority, at any time, to overrule any rule or invent a new rule based on extenuating, unforeseen, and/or unusual circumstances and/or to maintain the integrity and fair play necessary for the successful completion, and continuation, of the race. The Race Director has ultimate authority in regards to all rules, their interpretation, and their enforcement. There is no “appeals committee” nor an “appeals process.” All entrants in the race, and their support crews, willingly acknowledge this fact, as well as all other race rules, by attending the race in any capacity.

6. In all cases and circumstances, it is the intent, and spirit, of the rules which will govern their implementation and enforcement.

ALL Race Rules are important and must be followed! (See Badwater.com & the magazine)

Have fun and keep smiling! Remember, you chose to be here!
